## PRODUCT SPECIFICATION

storage battery	6V-4.5AH/1.5V*4
dry battery (optional)	
Major component	PP
Age suitable to use	18-35 months
Weight capacity	20kg
Body size	89.2X28.6X85.2cm 66.7X28.6X38.6cm
Use of time	Continuous use 1-2 hours after charging for 8-10 hours

### WARNING:

The toy is to be assembled by an adult. In unassembled state contain potentially hazardous sharp points & small parts, so please keep out of baby's reach.

### Disclaimer:

The picture in the manual design for assembly reference only, please kindly subject to the actual goods.

## PEDAL HAS TAKE IN FUNCTION AND SWING IS FOLDABLE (OPTIONAL)

Pedal has the take in function:

Pedal can slid left and right, in the space of the baseplate between upper housing and lower housing, so that pedal can be taken in. (The left side is the same as the right side.)

Swing is foldable:

Insert rear axle first, then insert the wheel and shim to the rear axle, fixed it with cotter pin, and lock the wheel cap.  
(Left wheel assembly is the same as the right one).

## 3. Steering wheel assembly

Aim the steering wheel to iron parts, insert the screws and fix it with nut.

2

## 4. Backrest assembly (optional)

Aim the backrest to card slot of the vehicle body, push it down with strength.

## 5. Backrest and push bar assembly (optional)

Insert the push bar to the card slot of the backrest, then connect the backrest and the card slot of vehicle body.

3

## 6.Handrail assembly (optional)

Aim one end of the handrail to the backrest, insert the handrail separately and rotate to the right position, then connect the other end of handrail and the steering wheel.

## FUSE (OPTIONAL)

This car has the auto-reset fuse, if the car stops suddenly during driving, it is mainly caused by instantaneous current exceeds, and make the fuse to trip. Then just stop operating for about 8 seconds, and this fuse can be reset.

In order to avoid the fuse tripping and cut off power supply, please pay attention to the following matters:

This product can't overload, the maximum load is 20kgs.

Don't drag anything behind products.

Don't let the water or other liquid into the batteries and other electrical components.

Do not change the circuit system and the structure of the product.

## SECURITY WARNING

### WARNING

This product is not the vehicle for transportation, it should be used under adult guidance.

Parents should ensure that children have taken the safety measures before use.

- 1.The installation and charging of vehicle should be under adult supervision at all times.
- 2.This product is limited to the children from 18 to 35 months, 20 kg weight limit, please do not overload.
- 3.This product is ideal for driving on a hard flat surface.
- 4.It is strictly prohibited in the streets or the road, pot holes, and slopes.
- 5.Avoid driving in the sand or grass or uneven ground.
- 6.Children should be given full instructions on operation of the car. Improper operation can cause damage or accidents.
- 7.While children are driving, it is parents' duty to supervise at all time to avoid accidents.
- 8.Avoid driving in rains or flooded pathways. By doing so it can damage the motor, circuit and other electrical equipments.
- 9.Battery charger should be regularly inspected by parents to insure whether the wires, plugs, crusts and other components are damaged. Please stop using if any damage is found, until it is completely restored.
- 10.In order to ensure product life and safety, avoid damage to the charger, battery or electric circuit, the car must use the default configuration of a dedicated charger and power supply.
- 11.Rechargeable batteries should be removed from the toy before charging.
- 12.When no use of product, please cut off the product power, and keep all the switch to "stop" or "off" position.
- 13.The charge provided is not a toy. To be kept away from children.
- 14.Strictly prohibit using the non-manufacturer provided parts.
- 15.This product is made of PP material mainly, the safe using time is two years.

## USING DIRECTION

1. Before using it, make sure that all the following works are done.
  - Step described in accordance with the instructions to complete the installation of the car, the battery plug-in has been connected, the power supply has been switched on.
